

## **Report**

### **SEMINAR on**

#### **Understanding Intellectual Property Rights (IPR)**

One day seminar was conducted on Intellectual Property Rights (IPR) in Institute of Forensic Science & Criminology, PU on 20 October 2017, to make students aware of the IPR and what wonders it do after they go for an innovation.

Starting from the basics of IPR, the detailed description of procedure of protecting the property rights was explained to the students and teachers.

The take home message included that protection of innovation is required and one must be aware of the rights of it.

Seminar ended with vote of thanks from Chairperson
